## Review: Religion and the Ethics of Political Participation on JSTOR

But the presumption is that the best society will include legal and policy expression of those doctrines. Greenawalt has a fine way of clarifying issues and staying strictly within the limits he has set himself. Given the quality of its argumentation and the importance of the issue, it is essential reading for anyone seriously interested in the appropriate relation between religion and politics.

## Religious Convictions and Political Choice

In either case, events like this highlight the confusion that often persists between religious devotion and political loyalty. . Kent Greenawalt dissects such issues as abortion and animal rights to illustrate secular and religious bases for decision making, concluding that citizens cannot be expected to rely exclusively on rational, secular grounds.

## Kent Greenawalt, Religious Convictions and Political Choice

Are decisions based on religious convictions compatible with liberal democratic premises? The presumption might be overcome in some cases for the sake of public comity, but that should be the exception, not the rule. When religious doctrine meets American individualism, religion must yield.

## Review: Religion and the Ethics of Political Participation on JSTOR

Given the quality of its argumentation and the importance of the issue, it is essential reading for anyone seriously interested in the appropriate relation between religion and politics.

## Opinion: Lines blurred between religious devotion, political loyalty

This person recognizes that it is not practicable for every moral doctrine of a religious tradition to be implemented in a pluralist society, even though the best society would include them.

## **Kent Greenawalt, Religious Convictions and Political Choice**

Essays should avoid unnecessary technicality and strive to be accessible to the widest possible audience without sacrificing clarity and rigor.

### **Religious Convictions and Political Choice : Greenawalt, Kent: Amazon.se: Böcker**

Religious Convictions and Political Choice Kent Greenawalt How far may Americans properly rely on their religious beliefs when they make and defend political decisions? In this view of the relationship between religious faith and political identity, the latter is qualified by, and subordinated to, the former. Religious Convictions and Political Choice represents the first attempt to fill this gap.
