### The Himalayas

Day 4: GANGTOK After breakfast, depart for sightseeing. The demonstration greenhouse established at Dangochong near Jomolhari base camp will soon provide green vegetables for the community. Before the establishment of the national park, the villagers in and around SNP believed that small-scale community hunting of wild animals and birds played a crucial role in maintaining the ecosystem.

### Foothills of the Eastern Himalayas Holiday

The sun was setting and the jungle was turning dark. Pelling Calm, scenic, laid back but rapidly swelling, Pelling is a quaint hamlet situated in West Sikkim at an altitude of 6,100 ft. In Nepal, both Tibetan and Hindu cultures flourish, and as a result, this Himalayan nation has a mixed cultural identity.

### Foothills of the Eastern Himalayas Holiday

Another wave of political and cultural conflict between and ideals surfaced in the Kirat region of present-day Nepal during the last quarter of the 18th century. The area remains heavily militarised and special permits are required to travel here.

### Foothills of the Eastern Himalayas Holiday

Time-series photos of some of these cubs provide evidence of cats surviving into maturity and venturing out to establish their own territories.

### Bhutan: Ecological Heart of the Eastern Himalaya

During Kirat Dynasty Kathmandu used to be called Yalakhom. Protecting species and habitats, and promoting sustainable development.

### The Himalayas

We want to help conserve and connect a mosaic of forests, grasslands and wetlands covering more than 7 million hectares; protecting and restoring habitats, minimizing human-wildlife conflicts and securing the source waters of some of Asia's major river systems.

## **Himalayas**

Not only the visitors especially interested in botany will be fascinated by the unique, bright blue colour with which so many a flower, such as the poppy *Meconopsis* or the blue fumewort, *Corydalis cashmeriana* adorns itself.
