In the early days of the republic the ruling power was divided between two patrician magistrates, elected for one year.

Who was who in the Roman world, 753 BC

The internal history of the republic for the next three centuries is largely the story of how the plebeians wrested reform after reform from the patricians. Rome had become the largest and richest city in Italy.

FAQ: Who captured rome in 476 ad?

While these important changes were taking place at home, the little city-state had been gradually extending its power. After defeating the Sabine Tribe Tarquinius took those Etruscans who had fought with the Sabine Tribe as prisoner. Compelled at first to fight for its very existence against powerful neighbors, Rome gradually fought its way to the leadership of the Italian peoples.
