Preteens and teenagers want to be respected for their growing maturity and viewpoints.

Norman Pickell

Note that because the issues addressed are general in scope and because divorce is governed by federal legislation, resources produced in one province can be useful in any part of the country except for sections listing support services, which tend to have a more local focus. It also provides a section to help parents make an agreement about child support without going to court.

Resources

Telling your children that you are separating or getting a divorce will trigger a variety of responses, such as confusion, fear, sadness, anger, guilt, shock and relief. Counselors meet with all kinds of people from different backgrounds, who need to talk to someone about a difficult situation they are in, or just about stress in general.

Helpful Websites

Will your child have two sets of some items? Most of them will appreciate your input and involvement, and will be happy to share their insights and ideas.

Talking to Your Children About Your Separation and Preparing Them for Change Although talking to children about separation or divorce may be the hardest and most emotional step in the process, how parents handle this crucial step can set the pattern for future discussions and influence the level of trust children feel in the future. This site offers information on various topics for parents, kids, and teens. Frequent contact with the parent who no longer lives at home can help young children feel more secure.
