Relative to the mobile nature of society today, these offerings play a large role in determining where people choose to reside, which consequently affects population and economic growth. These parks typically are 10 to 50 acres in size and are often provided at a rate of between 5 and 10 acres per 1,000 residents. Administrative authorities: Playgrounds are types of areas most commonly provided in municipal recreational systems and in connection within educational systems.

## Public Dedication of Land and Fees

Kentucky soil erosion and water quality cost-share fund — Uses — Administrative regulations.
