Jeanyee Wong

His view of Pasteur as ecologist, the first to formulate in concrete terms a biological and chemical theory of global ecosystems, is only one of the many surprising insights into a man whose emblematic fame has obscured a complex and rich life.

Lilly Fuel

ABBV --the maker of Depakote--on board, as well.

It is more than a book about a great scientist; it presents the philosophy of science, and treats of the socio-economic and historical background which made possible the life and scientific contributions of Pasteur. His name is associated with some of the largest theoretical concepts and practical applications of modern science - in chemistry, biology, and medicine.
