DEC Home

The notice said that the Forest Service would meet with any Alaska Native Corporation or Tribe expressing an interest in discussing the proposed changes and how the amendment to the 2012 rule might benefit our collective work in forest management and restoration. The Committee has consistently been made up of 21 diverse members who provide balanced and broad representation on behalf of the public; State, local, and tribal governments; the science community; environmental and conservation groups; dispersed and motorized recreation users; hunters and anglers; private landowners; mining, energy, grazing, timber, and other user groups; and other public interests.

Pesticide Management

The respondent said that, any change in a land allocation reduces the application of one aspect of the planning rule to favor another e.

'One Word for This: Vandalism': Six Days Before Election, Trump Finalizes Plan for 'Catastrophic' Attack on Largest National Forest

The Department decided against adding the suggested wording that would refer back to the 1982 rule for the reasons outlined in the preamble to the proposed rule, and because the Department believes the changes made Start Printed Page 90734 in the final rule address respondent's concerns and provide clear direction to responsible officials in a way that meets the Department's original intent for the 2012 rule. His confirmation as head of the Department of Energy was a source of contention among due to his previous and his close ties to the and gas industry. The concept of adaptive management is an integral part of the 2012 rule.

Tongass National Forest

Rather, as the 2012 rule provided and the clarifications in this amendment to the 2012 rule reinforce, the responsible official has the discretion to determine the scope and scale of an amendment, and the associated processes and requirements are tailored to the changes being proposed.
