## The Enigma Of Dighton Rock

Please see her for details. Wallace, University of Pennsylvania Press, Philadelphia 1957.

## Local Folklore

THE SCYTHIANS, Thames and Hudson, London 1957. Botanical Description: Broad-leaved Maple is a large, spreading tree, up to 30 metres tall. Raddall 1931 The Saga of the Rover fiction 1934 The Markland Sagas, With a Discussion of Their Relation to Nova Scotia with C.

## Can Oceanic Archaeologist Finally Zero in on Elusive Lost Viking Colony?

They saw that there was dew on the grass, and it came about that they got some of it on their hands and put it to their lips, and they thought that they had never before tasted anything so sweet. First as to the location of the colonies, ancient documents are unanimous in speaking of an eastern and western colony, of which the first was by far the most important. Indeed, a dispute over territory and food culminates in a massacre atop and around the remains of a beached whale — precipitated and presided over by the psychotic Kjetil — prompting Ubbe, Torvi and Othere to gather up their survivors, rush to their boats and flee westward once more.

## Thomas Head Raddall

She offers editing on three levels: substantive, copy editing and proofreading — as well as formatting for print. They are nearly all gone now, but for a while they provided the beams and upright siding for half the houses of America, and supports for many big buildings.

## MEDIEVAL ARTIFACTS FOUND IN THE CANADIAN ARCTIC

In these heaps of bones and ashes, the greater part of the remains are those of seals. They sailed from Bjarneyar before a northerly wind and were at sea two days.
