### The pleasures of memory (1796 edition)

Say why the pensive widow loves to weep, When on her knee she rocks her babe to sleep: Tremblingly still, she lifts his veil to trace The father's features in his infant face.

### Samuel Rogers: The Pleasures of Memory, a Poem

Lighter than air, Hope's summer-visions die, If but a fleeting cloud obscure the sky; If but a beam of sober Reason play, Lo, Fancy's fairy frost-work melts away! The spring, that bubbled from its inmost cell, Murmur'd of JULIA'S virtues as it fell; And o'er the dripping moss, the fretted stone, In FLORIO'S ear breath'd language not its own. Whenever either player pins a fact, it will be pretty sure to suggest one to the adversary.

### Samuel Rogers

Thy pleasures most we feel, when most alone; The only pleasures we can call our own. Yes, tho' the porter spurn him from the door, Tho' all, that knew him, know his face no more, His faithful dog shall tell his joy to each, With that mute eloquence which passes speech. From the rude wall what bright ideas start! How oft inscrib'd, with Friendship's votive rhyme, The bark now silver'd by the touch of Time; Soar'd in the swing, half pleas'd and half afraid, Thro' sister elms that wav'd their summer-shade; Or strew'd with crumbs yon root-inwoven seat, To lure the redbreast from his lone retreat! Ask not if courts or camps dissolve the charm; Say why VESPASIAN lov'd his Sabine farm; Why great NAVARRE, when France and freedom bled, Sought the lone limits of a forest-shed.

FLORIO had gained a rude and rocky seat, When lo, the Genius of this still retreat! How would he dwell on the vast antlers there! And hence the charm historic scenes impart; Hence Tiber awes, and Avon melts the heart. In two minutes I made six pictures with a pen, and they did the work of the eleven catch-sentences, and did it perfectly.

Clayden, The Early Life of Samuel Rogers 1887 220-21. Her wheel at rest, the matron thrills no more With treasured tales, and legendary lore. Yet the affiliations between the two and with Petrarch's master Augustine have never been fully explored.

Her charm around th' enchantress MEMORY threw, A charm that soothes the mind, and sweetens too! Yet still how sweet the soothings of his art!  
So oft the finer movements of the soul, That shun the sphere of Pleasure's gay controul, In the still shades of calm Seclusion rise, And breathe their  
sweet, seraphic harmonies! Tenth edition 1798; many later printings.
