## Cost

And now, they should be on yours, too! You don't want to be making financial decisions on your construction jobs with bad information. Tan is also a certified trainer under PMSB, Malaysia.

## Accounting Proposal Template

All data will be accessible to the client around the clock through dedicated servers using the most modern software and backup facilities. Accounting is the measurement, processing, and communication of financial information about economic entities, such as your business. Additionally, for anyone interested or needing a very basic level of financial management, we also have a course scheduled in December 2, called Financial Management Essentials for the Non-Financial Manager or Construction Leader.
