The Central Truth: The Incarnation in Browning's Poetry by Whitla, William: Very Good Hardcover (1963)

The next pamphlet and four more of them were plays, which Browning designed for stage production.

The central truth, : the incarnation in Robert Browning's poetry

She would begin to appear as a fickle and selfish woman, passing falsely as a widow, and playing a double game between the attentions of foolish but honourable young men, and the fitful appearances of a wandering and good-for-nothing sailor-husband; a man prepared to act that most well-worn of melodramatic rôles, the conjugal bully and blackmailer, the man who uses marital rights as an instrument for the worse kind of wrongs. Abstract William Morris's first volume of poetry, *The Defence of Guenevere, and Other Poems* 1858, performs acts of poetic incarnation and resurrection, giving fleshly life to characters long dead and speaking into being his own fictional creations, based on history or myth. Later in July he and Elizabeth went to London, where they again saw old friends, met new ones, and cemented their friendship with the Tennysons, whom they had met in Paris the previous summer.

Late in 1826 or in 1827 Browning's maternal cousin James Silverthorne gave him a copy of Shelley's *Miscellaneous Poems* 1826, in which he found set forth his own dreams and aspirations with a startlingly fresh beauty.

English Literature Essays: Browning is an optimist

Elizabeth continued to suffer from chest pains, however, and Browning was often in attendance on her as a result.

'Bring me that Kiss': Incarnation and Truth in William Morris's *The Defence of Guenevere, and Other Poems*†

Carefully ordered but appearing unstructured, purportedly historical but in fact deeply personal, generically indeterminate and stylistically complex, *Sordello* is unique in literary history. As a result of this act of violence she becomes pregnant and after much ill-treatment gives birth to a son.
