## Impact of Private Sector Participation on access and quality in provision of electricity, telecom and water services in developing countries: A systematic review

We distinguish between two different empirical approaches. Summarizing the overall program the following data is presented from 1979 to 1992: Privatizations Date Company Type of Sale 1979 British Petroleum 43. More recently, have examined the impact of privatization of the fixed-line telecommunications operator on sector performance, analyzing the outcomes of privatization reforms in a 1985 to 2007 panel dataset on a selection of 108 countries including OECD countries, Asia, Africa, Latin America.

## Privatisation in Latin America, The World Economy

Governments could simply end their subsidization and let the industrial and commercial PEs sink or swim on their own.

## Studies

Conclusion Analysts of the differences in performance of productively similar public and private firms generally conclude that privately owned firms will outperform PEs, when and these are most important qualifiers the two are responding to the same set of pricing signals and when the two are operating in competitive, nondistorted markets.

## Privatization and the private sector

Both large and small PEs have been sold, though in most countries it has been the relatively marginal, or least politically significant PEs which have been put up for sale. We are not aware of an alternative database providing such information.

## Privatization and the private sector

Protective devices, such as core shareholders and areas off-limits to foreign investors, are counterproductive. Many are beginning to ask whether the state should once again play a more central role in providing public welfare, ensuring that market forces are agents of competitive production

rather than regulatory manipulation. Category III: single country data, more advanced econometric techniques.
