Eventually the narrative focus moves again toward van Worden's frame story and a conspiracy involving an underground — or perhaps entirely hallucinated — society, revealing the connections and correspondences between the hundred or so stories told over the novel's sixty-six days.

The Manuscript Found in Saragossa

But the enthusiastic critics also complained. And yet he manages to never lose a sense of humor and fun about the movie. I'm especially sorry that one of my favourite characters, the Wandering Jew, with his stories about ancient times and meeting Christ, were cut out.
