political economic interests in francophone Africa: Weighing by Cameron D. Pickett

Each issue of African Affairs contains a substantial section of book reviews, with occasional review articles.

Francophone Africa

Generally, West African countries tend to have weak democratic governance, socio-economic underdevelopment and insecurity. In Koonings, Kirk and Kruijt, Dirk eds Political Armies: the Military and Nation Building in the Age of Democracy.

Notwithstanding the challenges, the shifts in the global security environment provide opportunities for West African states to transform their post-colonial security and defence sectors to align with their current defence and security needs. The post-independence military has focused extensively on territorial defence and has remained largely unchanged, while the country — and the threats that the armed forces are supposed to deal with — have changed tremendously.

The Colonial Legacy of Civil

It consisted of several cantons, each of which in turn consisted of several villages headed by village chiefs. The of 23 June 1956 brought to

elections held after that date in all French African colonies.
