Federal :: Regulation of Fuels and Fuel Additives: Removal of Reformulated Gasoline Oxygen Content Requirement and Revision of Commingling Prohibition To Address Non

Education and Schools and High Speed Hawaii Establishes the Hawaii broadband office within the Hawaii technology development corporation.

Broadband 2021 Legislation

Infrastructure, Rural and Underserved and Taxes Vermont This bill proposes to reconstitute the Vermont Telecommunications Authority to coordinate, oversee, and implement a new approach to creative and innovative strategies designed to address the challenges to maintaining a robust, modern telecommunications network in Vermont accessible by all. Alternatively, money transmitters may have direct relationships with intermediaries that, in turn, contract with and manage individual agents.

Federal :: Regulation of Fuels and Fuel Additives: Removal of Reformulated Gasoline Oxygen Content Requirement and Revision of Commingling Prohibition To Address Non

Establishes the Indiana broadband connectivity program connectivity program , under which the office must establish a public broadband portal through which an individual may report that minimum broadband Internet defined as a connection to the Internet at an actual speed of at least 25 megabits per second downstream and at least three megabits per second upstream is unavailable at the individual's residential or business address. Modifies and extends Empowerment Zone benefits: The legislation extends tax benefits available for businesses operating in Empowerment Zones through 2025, and modifies them by terminating the increased expensing on qualifying equipment and the deferral of capital gains on the sale of certain qualified assets. Lieb, for the Association of American Publishers, Inc.

Broadband 2021 Legislation

These comments, and a clarification regarding the currency in which the funds will be received by the designated recipient, are discussed below.

More Information on Fair Use

Most of the provisions of this rule are necessary to implement amendments to the Clean Air Act included in the Energy Act that eliminate the RFG oxygen content requirement and allow limited commingling of ethanol-blended and non-ethanol-blended RFG. This bill authorizes those joint power entities to also issue revenue bonds for the deployment of broadband infrastructure by a public entity or nonprofit organization, as provided.
