Shadows of Sounds (Lorimer #3) by Alex Gray

These waves will be refracted right onto the community. Freezing, then fires and we fall Secret sight We see safely the eye of the sun! I found myself looking for more howlers as I read the rest.

The Sound and the Shadow (2014)

You'll never be sure what's coming next! Overcast, gray weather is possible, but not common. Not one murder but two and as DCI Lorimer investigates, many of the members of the orchestra have secrets which are exposed.

Justin John and the Shadow of Sound

As a result, he refused to send in needed reserves until it was too late. If the audience members can be brought to a point where they will bridge with their own imagination such an extreme distance between picture and sound, they will be rewarded with a correspondingly greater dimensionality of experience.
