Investors are generally afraid of being left behind and like the idea of owning the popular stocks everyone is talking about.

### Magic Formula Investing

I felt to start it gently with small books and eventually catch up with those text books Detailed Notes This was my first book on value investing and now having read multiple books on the subject, I came back to write a review for this amazing little book that left a lasting impression on me. When all four girls are lucky enough to be selected as sales staff their exciting new adventure begins. Professor Pierre Aronmax, a French marine biologist and narrator of the story, who happens to be in New York at the time, receives a last-minute invitation to join the expedition which he accepts.
