### 《東方學》目錄(第一輯至第百十輯——2005年)

If technical imperatives are to explain the state's fairly sorry performance in the localities in Southern Sung, it is perhaps rather to the military threat in the north, and the drawing away of resources—especially resources of coercion—in that direction, that one should look.

### Discourses on salt and iron » Huan K'uan » 1931

If we take the problem of authority as having to do broadly with the right or legitimate capacity to make decisions as to right and wrong, or as to what should or must be done—decisions often binding on others—we may sort it immediately into two more specific questions.

### 《東方學》目錄(第一輯至第百十輯——2005年)

On the classifications of music, temperament, musical scores, styles and composition methods, and forms of performance. It covers the coins recovered in the large discovery made during a clean-up project along the Grand Canal in Gaoyou, Jiangsu, 1985. The precise character and ultimate source of the truths that constituted the deep meaning of the classics, of course, were open to different interpretations.

### A Chinese Biographical Dictionary

Die Hauptartikel von Pakhoi Pei-hai sind ausser Zucker und Oel, Indigo, dessen beste Art in der Nähe von Pei-liu Pak-lao , etwa 60 englische Meilen nordöstlich von Pakhoi erzeugt wird; Chinawurzel, Galläpfel, Weihrauch, Myrrhen, Holzöl, Asa foetida und Stermanis nebst Anisöl. Decentralization found formal expression in institutions such as the superprovincial directorates-general tsung-ling-so that governed the great regional armies along the northern frontier, and through whose hands passed a great portion of the county and prefectural revenues that once had gone directly to the center. For additional reviews of Japanese scholarship see I.
