Kenneth Kato Obituary

The Schimdt nib is stiff while the 14 k nib

has a bit of spring. Despite the nib issue on the one pen, both write very well. After reinserting the nib, the pen worked but was a bit dry.

Katha (NGO)

Kato Kiyoshi who hand makes all of these pens. It connects grassroots work in education, urban resurgence and story. En el sector privado, además de su posición actual, colaboró en Solana Consultores y en Impulsora al Desarrollo y el Empleo de América Latina, S.

Kathy Matsui

The 14 k nib pen had a slight problem. So far both pens write very well with no skipping or flow problems. This is a review of two Kato Seisakusho celluloid pens.

Katha (NGO)

A kind of 'old-fashioned-ness' to them that translated to being a bit 'cheap' kept me from buying one, but as I read the review, I think it's more proper as the reviewer notes to see them as 'hand made'.

Katya Somohano

Too bad these were sold out.

These pens took four days from time of order to arrive at customs in the US and another two days to reach me. Please enter your email address and click on the reset-password button. If your email exists in our system, we'll send you an email with a link to reset your password.
