CML'S FIVE CORE CONCEPTS AND KEY QUESTIONS FRAMEWORK FOR CONSUMERS AND PRODUCERS CML'S QUESTIONS/TIPS (Q/TIPS)			
Key Words and Image	Deconstruction ONLY Key Questions (Comments)	CML'S 5 Core Concepts	Construction ONLY Key Questions (Comments)
1 Authorship 	Who created this message?	All media messages are constructed.	What am I authoring?
2 Format 	What creative techniques are used to attract my attention?	Media messages are constructed using a creative language with its own rules.	Does my message reflect understanding in format, creativity and technology?
3 Audience 	How might different people understand this message differently?	Different people experience the same media message differently.	How I clearly and consistently framed values, lifestyles and points of view in my content?
4 Content 	What values, lifestyles and points of view are represented in or omitted from this message?	Media have embedded values and points of view.	How I clearly and consistently framed values, lifestyles and points of view in my content?
5 Purpose 	Why is this message being sent?	Most media messages are organized to gain profit and/or power.	Have I communicated my purpose effectively?

Young Citizens and Political Participation in a Digital Society

Initially, the public responded positively to the more accessible communication channels, calling in to political talk programs and participating in online town hall meetings.

Democratic Audit

This study explores the use of social media in political marketing with a focus on Members of the European Parliament MEPs. This dystopian narrative is currently circulated by intellectuals, journalists and policy makers worldwide.

The goals of secularism, socialism and professional ethics are coming under increasing strain. In this way they will feel responsible for their own studies. We also observe that the differences between younger and older voters are greater in cultural than in economic issues.

Democratic Values and Democratic Approach in Teaching: A Perspective

While key concepts of democracy should be understood by children, living and acting in a democratic environment is the only and the best exercise. Concerns about addressing controversial issues often mean that service learning such as volunteering at a homeless center tends to trump peer-driven civic engagement with enduring societal concerns such as homelessness.

While increased civics education and engagement can improve voter registration rates among young people, these efforts are futile if voter suppression measures—which disproportionately affect young people and people of color—prevent them from voting once they turn 18. Low

aggregate rates of participation among citizens of liberal democratic states like Britain and the USA are largely attributable to disproportionately low rates of participation among citizens at the lower end of the wealth and income distribution.
