Fetal and Neonatal Neurology and Neurosurgery

The examination system used is an efficient, accurate, and reliable tool to evaluate neurologic function in neonatal sheep. The aim of this study was to establish a standardized neurologic examination of the newborn lamb and to provide normal neurologic values so that various abnormalities of the nervous system could be evaluated systematically. The aim of this study was to establish a standardized neurologic examination of the newborn lamb and to provide normal neurologic values so that various abnormalities of the nervous system could be evaluated systematically.

Fetal and Neonatal Neurology: From Basic Science to Clinical Application 2021, Neonatology, Paediatric Neurology

Neonatal Hydrocephalus - Clinical Assessment and Non-Surgical Management 47. Degenerative Disorders of the Infant CNS SECTION VIII Seizure Disorders 40.
