## Best Boats 2020

While the Capri version has a fixed keel, we really like the Sport version, which comes with a retractable keel—one of the key tenets of the original design that helped make it so popular. I chose the Hunter 27 for its well-designed big-boat features, and while she thrives on the inland lake I love, I could also someday use her to ply the Great Lakes. Beyond that, although the company is including the new flagship in its 5-Series, Catalina fans will immediately notice some eyebrow-raising differences between it and the rest of the line.

## Best Daysailers Under 20 Feet

This modern construction method results in a very rugged, lightweight, strong hull. Additionally, the Moana Explorer program offers hands-on interactive and fun learning for children and teens.

## The Best 5 Small Bluewater Sailboats for Ocean Cruising

Where the mainsheet lead falls might, in fact, determine which system is used on the boat. Whether it is heading across Biscay, voyaging south to the Azores, or heading north to Norway and Iceland, leaving the coast behind can be the adventure of a lifetime for most coastal cruising sailors. Now in production for ten.

## 10 Great Innovations in Modern Sailing

Rupert Holmes has more than 70,000 miles of offshore cruising and racing experience, in waters ranging from the North Sea to the Southern Ocean and Cape Horn. The Venture's designed to be both a good performer under sail, but also stable, making it a good boat for those learning the sport.

## Compare the 17 Best Small Cruise Ship Lines

The Tofinou 8 offers fantastic sailing qualities along with stunning styling.

## **Plans**

She felt like she had been built for it. The ships are the 148-passenger Wind Spirit and Wind Star, each with four masts and six sails, and the 342-passenger five-masted Wind Surf, which is the world's largest sailing vessel. As a result, the boat starts to plane, increasing water resistance at the front.
