**The Wanderer Interviews His Eminence Raymond Cardinal Burke . . .**

Nobody believes that the Church is owned by any Pope. Benedict as patron of Europe.

**Cardinal Burke questions Pope Francis' authority to eliminate the Traditional Latin Mass**

In both forms of religion, people get bent out of shape from anxiously trying to prove to themselves, if to no-one else that the Bible is totally inerrant, or that dogmas are totally free of error. What happens now is the Lord God, Himself, WILL clean up this mess, because it may well be beyond the point of no return for any one person or group of persons to effect true repair, reconciliation and healing, especially when the patient is this close to death. On the contrary, they love the Roman Pontiff, their Bishops and priests, and, when others have made the choice of schism, they have wanted always to remain in full communion with the Church, faithful to the Roman Pontiff, often at the cost of great suffering.

**Cardinal Mueller on the New TLM Restrictions**

And when the spiritual life is empty, how can a priest act according to Christ? Do cardinals mate for life? In the Missal of Paul VI, ritualistic rubricist homogenization is broken up, precisely in order to overcome a mechanical execution in favor of an inner and outer active participation of all believers in their respective languages and cultures. Per questo da quando condivido sul mio social le messe suddette ricevo diverse richieste di contatto da account che si professano come terroristi e altri falsi ma sempre inquietanti. Yours in Christ, Joseph Matt, President, The Wanderer
