However I'm sure that it is my tastes that have changed not the calibre of her story telling.

### 'Large wildcat with big claws' spotted in English garden raising fears 'Fen Tiger' has returned

A romance between Rosamund, a girl from a poor fen family, and Michael, the Fen Tiger, himself suffering from a fateful past. Maintaining the peace and keeping strong relationships is far more important than any form of verbal or proverbial victory. There have also been a number of alleged sightings of the 'Wildcat of the Wolds' near Driffeld, East Riding, Yorkshire, where incidents of mutilated livestock were reported as well.

### The Fen Tiger by Catherine Cookson (1997) (B51) Historical Romance

At one point, a Cambridge University zoologist examined video footage in 1994, saying it appeared to be a 3ft-high puma, leopard or jaguar. Designed with everyday wear in mind, Fen features a slightly boxy shape for a flattering, comfortable fit. The Fen Tiger was first reported in 1982 in Cottenham, north of Cambridge.
