Richard Rogers Bowker (1848

In the case of much medieval Muslim literature, that assessment has yet to be undertaken, much less completed and agreed on, and finding out the exact sources of many ideas and contributions may prove impossible.

CONFLICT BETWEEN LAW AND JUSTICE

These writings—which include legal material, Prophetic hadiths, and other traditions—are the longest works composed in Arabic up to their time. They say to be whole is to be full of contradiction. Reason 1: that it is possible effectively to express legal concepts in

Filesize: 65.96 MB

plain language This is the key to the whole plain language movement in law: that it is possible to express legal concepts in plain language, without loss of certainty and precision, even in areas of law that are complex.

Where law meets literature

Law made me think very closely about the meaning of words. Balance, or perfect equilibrium in the moral as well as the aesthetic sphere is achieved when no attempt is made to alter the distance between desire and its object and when the notion of limit is unchanged. From early on Islam produced a broad prose literature of enduring significance.

The Broadview Anthology of Expository Prose

Each of these works is a multivolume set ranging from four to thirty volumes.
