Charlotte in Picture and Prose 1906 Atkinson, Rowland and Gary Bridge, eds. For the purpose of reusing the railway line and urban space, three urban space regeneration design strategies of urban traffic, land regeneration, and urban public space were proposed. Here we briefly refer to the variables we included in the analysis and also provide the expected preferences related to them.

Changing patterns in residential preferences for urban or suburban living of city dwellers

The scores of newly built suburbs post World War II were also designed to promote the use of private automobiles.
