Weber and the Persistence of Religion: Social Theory, Capitalism and the Sublime (Routledge Advances in Sociology)

The summary judgment that it had merely interpreted the world — that resignation in the face of reality had crippled it in itself — becomes a defeatism of reason after the attempt to change the world miscarried.

Washington DC: DuLaun Press, 1937. Was this then the antagonism that Weber was actually trying to articulate, an antagonism between what was irreducibly itself and therefore could not be generalized into a universal law, on the one hand, and a social formation that was growing increasingly law-bound and mechanical on the other? Nor did he explicitly raise the issue of war or the inner demeanour appropriate to war.
