postmodernism

Overcoming modernity, however, cannot mean progressing into a new historical phase.

Difference Between Modernism and Postmodernism

Vattimo's philosophy is therefore the project of a postmodern hermeneutics, in contrast to the Parisian thinkers who do not concern themselves with meaning or history as continuous unities. While postmodern buildings were meant to serve a function—as with modernism—postmodernism encouraged creativity and strayed from the rigid rules of modern ideals that dictated simplicity, abstraction, and simple shapes.

Postmodernism (Stanford Encyclopedia of Philosophy)

It is basically a horror story, but it uses many of the formal tricks that have defined postmodernist literature. However, others, including postmodernists, read these passages in conjunction with the notion that history is the repetition of an unhistorical moment, a moment that is always new in each case.

Difference Between Modernism and Postmodernism

It's all about interpretation, not about what's real or true.
