## OCSEAP Reports

ASSOCIATIONS BETWEEN METABOLITES OF AROMATIC COMPOUNDS IN BILE AND THE OCCURRENCE OF HEPATIC LESIONS IN ENGLISH SOLE *Parophrys vetulus* FROM PUGET SOUND, WASHINGTON; Archives of Environmental Contamination and Toxicology 15:61-67. Geological Survey Open-File Report 80-65, 20 p.

## Monitoring and Assessing Risks to the Environment

There is medium confidence and it is very likely that these costs will be offset in part by savings from reduced space heating needs. In contrast to planning and research, action in response to climate change involves active implementation of plans, changes in policy, protocol, or standard operating procedures, as well as direct reaction to hazards. Global Change Research Program, Washington, DC, USA, 303—332.

## Nearshore Marine Ecosystem Research

An assessment of the feeding success of young-of-the-year winter flounder *Pseudopleuronectes americanus* near a municipal pier in the Hudson River Estuary, USA. Global Change Research Program, Washington, DC, 129—156. It looks more to me like a place to store Airlines, not books.

## AFSC 2001 Publications List

RU 0006 3007 Birdsall, A. Geophysical Research Letters, 42 14 , 5902—5908. Precipitation changes have varied significantly across the state from 1920 to 2012, with long-term trends generally showing no clear pattern of change.
