## PHOTOGRAPHY

This void phobia exists over streets in Hong Kong, with signs stretching over and past one another, fighting to gain leverage over the other.

### Even 21 Years Later, This Building Is Still the Real Star of Chungking Express

An Illustrated History of Hong Kong. Then again, if you took the high-speed rail, not only could you have gotten to the Bay Area more quickly, but also then transferred to the efficient Bay Area Rapid Transit train system that would have brought you even closer to your destination. The film seeks to overcome this desensitized notion by showing the pseudo-noneveryday activities that Lefebvre labeled as counteracting the everydayness, such as violence, sex, and money.

## Hong Kong

Divided into three distinct areas — Hong Kong Island to the south, Kowloon and its interim peninsula, and the New Territories to the north — the region also contains a thriving financial center and port, steep hillsides, and both expansive protected green spaces and extensive urban concentrations.

## Architecture of Hong Kong

Proposing modular housing for public housing purposes will be a peculiar regulatory exercise. This dilemma is particularly evident in the response to the mass devastation that occurred during the Cultural Revolution. Functional opposites such as activity and rest as well as hunger and satisfaction both apply.
