Through a misunderstanding, they were placed on GENUKI for a short while in 1995, but immediately withdrawn when we were informed that Professor Anderson and the ESRC had not given, and would not give, permission for the results of his project to be made freely available. An indexed transcript has been published by the Clwyd Family History Society, and a copy is available at The National Archives.

England and Wales Census, 1881 — me.stfw.info/cdn.cloudflare.net

The first census to list every person by name was taken in 1841. The Federation of Family History Societies. When Taken The 1841 census was taken on 7 June.

1881 United Kingdom census

Census Enumerators' Books Each householder was required to complete a census schedule giving the address of the household, the names, ages, sex, occupations and places of birth of each individual residing in his or her accommodation.

1881 UK Census Collection: TheGenealogist

Since folio numbers appear only on alternate pages, each folio represents the page where it appears and the following page. Genealogy is one of the fastest developing hobbies in the UK. Millions of people are now researching their family history using tools like CD-ROMs and online databases to build their family trees.

Address location in the 1881 census transcription

From 1851 onwards, census records give the parish of birth for each individual in a household. Census Forms and Worksheets Census returns are arranged in columns. His best-known achievements are the discovery of the enzyme lysozyme in 1923 and the antibiotic substance penicillin from the fungus *Penicillium notatum* in 1928, for which he shared the Nobel Prize in Physiology or Medicine in 1945 with Howard Walter Florey and Ernst Boris Chain.
