Clinical Practice & Epidemiology in Mental Health :: Editorial Board

Flooding, and associated mudslides, is a serious concern in the state of Rio de Janeiro. Evaldo Rosa dos Santos, a black musician, was killed and

This is not to mention that thousands of people living in Rio's favelas have been notoriously pushed out of their homes for Olympic construction. Super Bacteria In related news, last year, the its results from an eight-month study of Rio's water venues, concluding that none were safe for swimming or boating, with more than 1 billion viruses from human sewage in a single liter of water from the Rodrigo de Freitas Lake. This reinterpretation allows us to increase the understanding of the effects that the discourses currently modeling the health sector have in creating new subjectivities and biosocialities, some of them as part of the hegemonic discourse and others questioning it.

'The Covid world became overwhelming, but help is out there': young people on mental health

The metro system offers and encourages using women-only rail cars during morning and evening rush hours on most operating lines. In Rio de Janeiro, a city known for its harsh , mental health is often set aside on the list of priorities.

A Look Into Brazil's Makeover of Rio's Slums

Santos took me inside a trailer, where three of his colleagues were monitoring deployment of the police on computers and communicating with them over the radio.

Rio de janeiro

And cops in the city of Bertioga on Sao Paulo's coast used tear gas to disperse a celebration in the early hours New Year's Day. The government has also shown an interest in taking part in further stages of clinical trials on EXO-CD 24.

Lost on the front line: The high paid by healthcare workers worldwide as coronavirus death toll passes one million

Parks, beaches, and other recreational areas have experienced violent crimes, mostly at night, to include assault, theft, and sexual assault. We looked for concepts with the potential to discover new interpretations and new discourses. Programs around the country are currently reserved for health workers and senior

two other individuals were injured. She has been awarded Elsevier-OWSD Early Career Research Award, 2019, for her work on Gender Based Violence.
