Blinds vs. Shades: How to Make the Right Choice for Your Home

Really, what this usually comes down to is the blind or shade lift options. The all-polyester shade is one of the more expensive models we considered, but the high-quality materials, high degree of customizability, and relatively short lead time make it a good value. If the arched window lives above another window, they can both be covered with drapery panels mounted above the arch.

Repair Class III: Splices and Parts Replacement When parts of the frame or sash are so badly deteriorated that they cannot be stabilized there are methods which permit the retention of some of the existing or original fabric.

High

Because Select Blinds takes two to three days to manufacture shades, you could wait as long as eight days between the time you order and when the shades show up at your doorstep.

Are you going for a minimalist vibe in your design? Match the metal to other finishes in the room for a wide selection. To demonstrate the practicality of this approach, and photograph it, a Technical Preservation Services staff member repaired a wooden double-hung, two over two window which had been in service over ninety years. Such sash are available as exact custom reproductions, reasonable facsimiles custom windows with similar profiles, and contemporary wooden sash which are similar in appearance.

The Nude Window

Of course, the huge plus is the energy efficiency as we all want to save the resources of our planet while lowering our personal energy bills. Valances made from fabric add color and interest and another unique layer of decoration.

Custom Window Blinds & Shades

There are hundreds of styles, finishes and colors of drapery poles so you can really customize the look.

The Ultimate Guide to Window Treatments

Tie-up shades work well in many decorating styles, especially glamorous, formal, or traditional looks.
