Coupling of Biological and Electronic Systems

The coupling of biochemics and electronics together with bioinformatics is an exciting and current thematic complex, which will surely co-define the development of science and research for a long time.

Coupling Of Biological And Electronic Systems PDF Book

Thanks to the organising committee, the colleagues Michael Famulok, Daniel Hoffmann, Michael Moske and Eckhard Quandt, the symposium became a success. The presentations held at the 2 caesarium gave a glimpse into broadly diversified areas such as bioinformatics, biomolecules and biosensor technology. We would like to thank the participants of the symposium for the inspiring discussions in a not always easy interdisciplinary dialogue.

Coupling of Biological and Electronic Systems : Proceedings of the 2nd Caesarium, Bonn, November 1

The presentations held at the 2 caesarium gave a glimpse into broadly diversified areas such as bioinformatics, biomolecules and biosensor technology. The patch-clamp on-chip technology - 5.

Coupling of Biological and Electronic Systems: Proceedings of the 2nd Caesarium, Bonn, November 1

The presentations held at the 2 caesarium gave a glimpse into broadly diversified areas such as bioinformatics, biomolecules and biosensor technology.

Coupling of Biological and Electronic Systems: Proceedings of the 2nd Caesarium, Bonn, November 1 3, 2000

Thanks to the organising committee, the colleagues Michael Famulok, Daniel Hoffmann, Michael Moske and Eckhard Quandt, the symposium became a success. The coupling of biochemistry and electronics together with bioinformatics is an exciting and current thematic complex, which will surely co-define the development of science and research for a long time. The conference transcript at hand delivers an impression of the introduced topics and discussions.
