He considers the contributions of the key figures of the 18th century, the legacy of the astronomer Isaac Newton and the Swedish visionary Emanuel Swedenborg, as well as the theosophist, H. Richie and Suzi seem to take both the longest and the shortest view, swinging in only minutes from exuberant optimism to exhausted pessimism. Caught between the hippy explosion and the doomsday scenarios of millennial Christianity and UFO groups, it has been the preserve both of extreme religious individualists and of humanistic countercultures lauding the Edenic perfection of this worldly existence.
