## Chapter 6: The Roman World from 753 BCE to 500 CE

The existence of these towns was forgotten for many centuries, but the thick layer of ash deposited by the eruption preserved them for modern archeologists. Did Women Have a Transformation of the Roman World? Works of history, however, are only one type of source that modern historians of Rome use. But far from repelling others from imitating their example, these stories, rather, encouraged the rise of more willing martyrs to follow their suit.

### The Role of Women in Ancient Rome—Piecing Together A Historical Picture

Ancient Homes Net Ring, 2001-2004.

### Rome's Transition from Republic to Empire

She is said to have deliberately educated her two sons to be sympathetic to the plight of the poor. In the comitia centuriata the Romans were divided according to age, wealth and residence.

## Chapter 6: The Roman World from 753 BCE to 500 CE

Despite these class variations, however, the strength of Roman women across all social divides should stand as an example for women of modernity and particularly those of contemporary Italian society who need an inspiration for confidence as they emerge into the public sphere.

### Ancient Rome: Roman Women

Whereas lawyers in the United States and England rely on precedents of past cases to argue the law, lawyers in ancient Rome, as well as most other countries today, would instead focus on codes of law. From the early days of the republic, the Romans built temples and made sacrifices to the gods, and would consult religious leaders to determine which days were auspicious ones for a wedding, military offensive, or other major undertaking. Where once power had resided in the Roman senate, now women presided over a household that was also the epicentre of

government.

### **Rome Roles of Men, Women and Children**

That triggered the civil war that would destroy the Roman Republic.

### **HIST 210**

Nero was already unpopular by the time of the Great Fire of Rome in 64 AD. They had no legal capacity and were not able to make contracts, even though they were not slaves. In the first century, some, but not all, of these senatorial families were of aristocratic descent.

### **Chapter 6: The Roman World from 753 BCE to 500 CE**

Countless other divinities abounded as well; even the Roman sewer system, Cloaca Maxima, had its own patron goddess, Cloacina. There were where they could be bought and sold.
