It's time to come and play with the Tweenies software. Whether you select your own activities, or let the Tweenie Clock pick at random, child appeal is absolutely guaranteed.

### **TWEENIES**

Clear, colourful and easy to use, the Tweenies software will appeal greatly to children from the age of three, but there's plenty to keep the five- and six-year-olds happy as well. Sing songs and play games as , and teach about pushing and pulling.

### **Let's Play**

In good condition paper sleeve insert slightly torn , rewound and tested. PLEASE NOTE THAT IF THE LISTING DOES NOT MENTION WINDOWS VISTA, WINDOWS 7 OR WINDOWS 10, THIS MEANS THAT THE GAME OR SOFTWARE WILL NOT RUN ON THOSE OPERATING SYSTEMS. Can you find the hidden Tweenies before Bella does? Language development, numeracy, creativity, elementary computer skills and good old-fashioned fun are all encouraged, and the whole package is designed to support Key Stage 1 in English, Art, Maths and Information Technology.

### **TWEENIES**

Tick, Tock, Tweenie Clock, Where Will It Stop? Plus - try your hand at Bella's quiz, catch flying bones for Doodles, fly Milo's rocket and play snap with Jake.

### **TWEENIES**

This is every bit as good as the TV show with one major advantage--it lasts much longer. Though simple in principle, all the games and learning activities have the repetitive quality toddlers love and thrive on. Watch your favourite video clips with the Tweenies in Telly Time.
