Pictures of New Zealand Native Plants

A handsome shrub for part shade with regular summer water.

Fresh Flowers and Gifts NZ delivered Auckland, Wellington, Christchurch, Hamilton, Napier, Hastings, Tauranga, Dunedin, New Zealand

BEE, bees; ANT, ants; WAS, wasps; DIP, dipterans; COL, coleopterans; LEP, lepidopterans. But, if Mother Nature throws a real arctic event we have to be philosophical. A bushy, upright, handsomely shaped shrub with large, semi-glossy, dark green leaves which provide an ideal backdrop for its summer-long floral display.

Hydrangea Growing Guide

Note that if Lavender is planted in the shade it may get lanky and woody. Through the vibrant greens of the mosses sprout edelweiss, marguerites, gentians and bristly carrots. We find it best as a pot specimen though would make a good wall or rock garden plant where temperatures seldom drop to 18F, upper USDA zone 8.

Peony Fields Timaru

Despite the lush appearance of alpine communities such as this one beside Mangaturuturu Hut, in Tongariro National Park, lack of water--due to its

being locked up as ice or torn away by gales-is a real problem for alpine plants. We used the `bladj` function in `Phylocom` to achieve an ultrametric rooted tree.

Rosa 'New Zealand' (Hybrid Tea Rose)

Bright light, full sun to part shade with water in spring during growth and protection from excess winter water, perhaps by an overhang. Part of some pastoral leases, considered unsuitable for further grazing, have been set aside as reserves administered by the Department of Conservation. Southeast Asia, Tasmania and pre-glacial Antarctica are the most likely sources.

New Zealand plants & animals

A good site if you are looking for specific plants. Excellent in containers or used as a low hedge where the glossy foliage really shines and brightens the duller greens.
