With respect to our adjusted EBITDA guidance, the Company is not able to provide a quantitative reconciliation without unreasonable efforts to the most directly comparable GAAP financial measure due to the high variability, complexity and low visibility with respect to certain items such as taxes, and income and expense from changes in fair value of contingent consideration from acquisitions.

Private sector aims for strong fourth quarter

In fiscal Q1 2021, we divested our Education business. Analysts also use quarters to measure performance internally. The company's improving execution and unique ability to shift bits across broad routes to diverse markets enabled growth in revenue and gross margin and drove strong free cash flow.

Fourth Quarter

The estimates and guidance provided by analysts and management can have a big impact on a stock every three months. We believe that analysts and investors use free cash flow multiples as a metric for analyzing company valuations in our industry.
