The Lower Spokane Street Bridge access dilemma

Moskal points out that with newer imagery, cities can better analyze which neighborhoods have or need trees: large parks visible on the old maps tend to be in wealthier areas, whereas street trees visible on the new might be in less well-off locales. Recreational vehicles can be parked or stored in residential areas under various zoning requirements.

Tacoma's challenge: Making City of Destiny more a City of Trees

A training vessel, the submarine USS Puffer, was docked alongside the armory from 1946 to 1960. In addition to regular troop drilling, the armory served the public with many social events. The first armories were completed in Spokane 1908 , Tacoma 1908 , and Seattle 1909.

City Directories — UW Libraries

However, following the December 7, 1941, Japanese attack at Pearl Harbor, the construction pace increased and it was finished 19 months later. Initial efforts included an artist project, free tree workshops and public information outreach in a program then called Evergreen Tacoma. Spokane

In October, the McKinley DePave Project — a partnership with the Pierce Conservation District and McKinley Business District — saw dozens of residents turn out to plant trees along sidewalks. Temporary Pothole Patching Crews repair depressions by filling and compacting them with asphalt, which may provide a temporary fix for up to a year. In August 2013, the Washington National Guard put the armory building up for sale.
