**Thomas ROWLANDSON / Sentimental Journey through France and Italy By Mr Yorick**

He explains his plight, and the two converse about a few different matters. And yet, you might say, it is exquisitely finished. He modeled the character of on him.

**A Sentimental Journey through France and Italy by Laurence Sterne, Paperback**

In England it was responsible for a new breed of travel writer, both male and female: recorders who no longer travelled with portable classical libraries in their baggage so that they could compare what they saw with what the great writers of antiquity had recorded; but who emphasized the subjective response and were concerned with manners and morals rather than the dimensions of the architecture. How much is true and how much is fiction is uncertain, but after reading it I suspect it is mostly fiction.

**A Sentimental Journey Through France and Italy**

It is not plot heavy. I thought there was something wrong with my ebook! Nothing here disproves my theory that English Literature kicks into gear in the readability stakes post-1799 yes, with exceptions—keep yer hair on.

**Sentimental Journey through France and Italy First Edition**

However, this is a sentimental journey that I will gladly take over and over. All the same, I know many readers would find some incredibly sweet and touching moments in this book.

**Sterne, Laurence. 1917. A Sentimental Journey through France and Italy. Vol. III, Part 1. Harvard Classics Shelf of Fiction**

If you enjoyed A Sentimental Journey, you might like Sterne's The Life and Opinions of Tristram Shandy, Gentleman, also available in Penguin Classics. It records the adventures of the amiable Parson Yorick, as he sets off on his travels through France and Italy, relishing his encounters with all manner of men and women—particularly the pretty ones. Yorick plays the part of Sterne's alter-ego.

**Sentimental Journey through France and Italy First Edition**

Engraving of Sterne's coat of arms on page 38 of Volume II. But sometimes, despite the hype and prestige, a party just isn't any fun, so one finds any solace they can, even if it means popping the balloons. This is a standalone bagatelle.

### **A Sentimental Journey Through France and Italy Summary**

For me a book is a physical object to be cherished for its sheer physicality as much as for its sentiment and sense. The journey itself is the object.

### **A Sentimental Journey through France and Italy**

These travelers are themselves divided into Idle Travellers, Inquisitive Travellers, Lying Travellers, Proud Travellers, Vain Travellers, Splenetic Travellers, The Travellers of Necessity, The Delinquent and Felonious Traveller, The Unfortunate and Innocent Traveller, The Simple Traveller, and The Sentimental Traveler.
