Derby Canal

The owners said that the vandalism had killed many fish, left others with breathing problems and washed birds nests away.

Derby Canal

Initially, they were close to the 5 per cent promised by the original Act, but reached 12 per cent in 1839. Boats with deeper draft may have to select longer routes to avoid shallows. It was initially profitable, but from 1846 faced competition from the railways, and more seriously, subsidence caused by the coal mines that it was built to serve.

Canal Holidays

This site has been created to help share the story of this important piece of local heritage and to provide you with an insight into this unique piece of social history.

Nutbrook Canal

It cannot be made public again.
