## Central Themes for a Unit on South Asia

At both the conference 1960 and the conference 1961, AAPC described the actions of the of independent states, organised by France, as neocolonial. Mexican and Spanish dominance over the land and the people, over varying periods of time, witnessed the incorporation of English, Spanish, Filipino and native languages, to express ideology and opinion. Thanks to the development of printing, the vernacular traditions emphasizing storytelling have coexisted and evolved along with classical literature up to present times.

By the time that printing presses were introduced, in the period in the 19th century, the kings were gone and with them their writers. Translated by Steve Brewer, Azzedine Haddour, Terry McWilliams Republished in the 2001 edition by Routledge France. Chris Queen and Alan Sponberg each offer an interesting look at this movement, Queen covering Ambedkar's very public search for a religion that would address the needs of the downtrodden untouchables in an independent India and Sponberg the activities of English-born Sangharakshita and his continuation of Ambedkar's vision.

## Engaged Buddhism: Buddhist Liberation Movements in Asia.

Today, Southeast Asia is among the poorest places in the world, where people enjoy very little personal freedom and opportunity. First, regional

political associations were formed; then, in 1885, the Indian National Congress was established.
