Dr. Ken Shore: Encouraging Class Participation

However, teachers must avoid the temptation to blame the student for not listening or processing the question well. The Internet TESL Journal, Vol. Over the next few days, part of each class can be set aside to have the students share their collages with the class.

Extending English Language Learners' Classroom Interactions Using the Response Protocol

Even if uttered in nonstandard English, if the message is comprehensible and evidences the student's understanding, commenting about the correctness and comprehensibility of the English should serve to encourage participation and elaboration on the part of the student. It is a small investment of time that pays off. Ironically, power is the need that many students find most difficult to meet in school.
