I Cannot See The Wind Poem by Frank McEleny

Lets use our coal for electricity production.

We Don't Need Solar And Wind To Save The Climate

If we were to limit ourselves to current technology, we could easily shift over to nuclear power and rely on that for the next 10,000 to 100,000 years.

We Don't Need Solar And Wind To Save The Climate

~ John Petit-Senn Poetry is the impish attempt to paint the color of the wind.

The Wind Cannot Read (1958) movie posters

They began a romance but she is regarded as the enemy and she is not accepted by his countrymen.

Gamato

Yep , Poor loy is incapable of comprehending that the Earth is actually in a rather COOL period of the current interglacial.

Why Wind Power Isn't the Answer: As a new study confirms, turbines would have to be stacked across state

I prefer predictions that look forward in time. Here is my response to each of your sentences above. However, Germany decided to exit coal power in addition to exiting nuclear power.
