Imperatives, V

Implications for Other Debates In addition to the intrinsic interest in the phenomenon of category mistakes, which account of category mistakes is adopted also has a range of implications for other debates. In this case, o que and por que are replaced by their counterparts o quê and por quê.

Imperatives, V

As mentioned, other speakers find indicative completely ungrammatical. Nan Li and David Lutz, 406—427. However, in his *Dialectica* made a argument against the idea that the copula can express existence.
