Solid

However, point out that almost 80% of those greenhouse-gas benefits come from paper and paperboard recycling, and most of the remainder comes from recycling steel, aluminum and other metals. The rest is a mixture of yard trimmings, wood, glass, metal, plastic, leather, cloth, and other miscellaneous materials. Think for a moment about the trash you produce every day, either directly or indirectly.

City of Chicago :: Waste and Recycling

There are many landscape waste composting facilities and jobs in Illinois as a result of this effort. Reuse Recovered broken can be crushed and used in asphalt pavement. The electronic scrap roundtable discussion features Stuart Fleming of Dubai-based EnviroServe; ALN Rao of New Delhi-based Exigo Recycling; Nigel Mattravers of Hong Kong-based ALBA Integrated Waste Solutions; and Keith Anderson of the e-Waste Association of South Africa.

Recycling perceptions, realities vary widely in U.S.

Illinois bans tires, used oil, white goods like refrigerators and air conditioners, landscape waste, and electronics from landfills, as well as partially banning asphalt roofing shingles.
