We live fitness and wellness, because we know how it make us feel and how it can transform others. Staphylococcus aureus was not detected in any of the tested samples. Grits are placed in a bamboo basket lined with locally grown fresh fern Glaphylopteriopsis erubescens covered with a

jute-bag and left to ferment naturally at ambient temperatures 25-40° C for 2-3 days above earthen-oven kitchen.

## **55Fitness**

Is this a virtual dystopia, or a chance for a second life? Instead of fern leaves, Ficus and banana leaves are also used as wrapping materials. Sun-dried kinema is sometimes mixed with leafy vegetable to make mixed curry as side-dish.

## **People's Republic of Desire**

Completion of fermentation is indicated by the appearance of a white viscous mass and typical kinema flavour with slight ammoniacal odour. Kinema manages some of the most premier tenant fitness centers in the country with sites in Los Angeles, San Francisco, Nashville, Chicago, Washington D. Kinema leverages a vetted network of technology and biotech companies within their operations to deliver a reimagined wellness experience.
