Gardenia

When designing your outdoor space, it is easy to just buy a fun planter at the store, but if you want more creative garden container ideas, this is the list for you. Use a container the same size as the wheel. Line the inside of each cinder block with a pot for easy planting.

Use logs with varying height and width.

Color and Design in the Garden

First, paint and distress the finish if needed. They evolve through the years as you learn more about plants you love. This planter can be wheeled from one side of the yard to the other to change up the display as well as moving the planter to better areas of sunshine.

To tie this planter into your surroundings, use wood sourced from your locale instead of redwood.

Gardenia

White and green lend a feeling of lightness and a restful look to the garden.

25+ Best Landscape Lighting Ideas and Designs for 2021

And whether you're an experienced gardener or a , Mother Nature will continue to throw you some unexpected twists and turns. Pull the drawers out in a graduated fashion. Take off any globes or vases and remove the wiring if necessary.

Colour Your Garden: A Portfolio of Inventive Planting Schemes by Mary Keen

Paint the desk and chair in a bright color to match.
