Kingdom Without Borders: Saudi Political, Religious and Media Frontiers by مضوي الرشيد

Kingdom Without Borders is the first book to explore the driving forces behind Saudi Arabia's new era of expansionism. Combining both top-down and grass roots analysis, contributors interrogate the reality and impact of Saudi transnational connections on local politics, religious affiliation and media genres.

Kingdom Without Borders: Saudi Political, Religious and Media Frontiers

This volume brings together established scholars from Europe, the US, the Middle East and Asia to map the historical roots and contemporary manifestations of Saudi expansionism. Previously, she was Prize Research Fellow at Nuffield College, Oxford. This exploration leads to a reassessment of the changing nature of state and society in Saudi Arabia in an age of globalisation.

Kingdom Without Borders

In this volume, contributors soberly reassess the changing nature of state and society, considering not only the multiple leaders who have risen within Saudi Arabia in recent years but also, thanks to a second oil boom, the consolidation of outside forces that now threaten to subvert the state. Its political influence, religious expansion and media empires are now applauded, debated or contested and both local recipients of Saudi largesse and governments enmeshed in Saudi agendas debate a phenomenon that so far has attracted more sensational reporting than serious scholarly analysis. It highlights contradictions within Saudi Arabia with the emergence of multiple actors in the state and the consolidation of new non-state actors who, thanks to a second oil boom, may either consolidate or subvert the state.

Kingdom Without Borders Saudi Political Religious and Media Frontiers

. Abstract From Tangier to Jakarta, and from Western capitals to those of the Arab world, Saudi Arabia has confirmed its status as a kingdom without borders. Kingdom Without Borders is the first volume to shed light on this growing regional and international power and its ambitions to

project its influence beyond its frontiers in three interrelated spheres of activity.

Kingdom Without Borders: Saudi Political, Religious and Media Frontiers by مضلوي الرشيد

Do be advised that shipments may be delayed due to extra safety precautions implemented at our centers and delays with local shipping carriers. Its political influence, religious expansion and media empires are now applauded, debated or contested and both local recipients of Saudi largesse and governments enmeshed in Saudi agendas debate a phenomenon that so far has attracted more sensational reporting than serious scholarly analysis. It highlights contradictions within Saudi Arabia with the emergence of multiple actors in the state and the consolidation of new non-state actors who, thanks to a second oil boom, may either consolidate or subvert the state.

Kingdom Without Borders

Please contact our Customer Service Team if you have any questions. Having established a far-reaching political and religious influence, as well as an impressive media empire, Saudi Arabia has become a kingdom without borders, holding both local and international actors in a tight embrace. Previously, she was Prize Research Fellow at Nuffield College, Oxford.
